INTERNET ACCESS AT THE MPEC

There are two Wi-Fi networks in the Exhibit Hall (grooming, meetings, dinners). They are both open for all attendees to access.

One of them requires a password- which is **"guest"**. It shows up on your Wi-Fi list of available networks as "MPEC Password- guest"

There will be a difference in signal strength depending on what area of the building you are in. You can try both to see which works best for you.

There is no internet access in the Bridwell Ag Building unless you have your own "Hot Spot." We've checked with the internet company in Wichita Falls and because of the structure of the building, they are not able to install a temporary Wi-Fi network for the week.

We are also checking on purchasing temporary Wi-Fi access for the Kay Yeager Coliseum. We'll update information here as we receive it.

For the vendors who need internet access for credit card sales, it would be wise for you to have a "Hot Spot" or internet access through your portable credit card equipment.
