

I'd Like to Take My Dog for A Walk.... Parks....

Lucy Park...

...a 178 acre regional park located in the center of the city. The park is in a bend of the Wichita River which gives it a natural setting with huge pecans, cottonwoods, and numerous other species of native and introduced trees.

For hiking and biking enthusiasts, there is a 1.7 mile concrete trail that circles the park. This is the west starting point for the City-wide Circle Trail System.

A large pond area is dedicated to waterfowl, and ducks and geese can be found there year round.

There are 2 large picnic shelters that can be reserved at no charge. The main shelter has 20 picnic tables and will seat approximately 120 people. The Lucyland shelter has 15 tables and will seat approximately 90 people. The park has a Log Cabin that can be reserved for parties and will accommodate 55 people.

The park has 2 public restrooms, a large swimming pool, basketball goals, 18 hole disc golf course, 3 modular playgrounds, 2 sand volleyball courts and 1 concrete volleyball court. There are 5 smaller picnic shelters, 30 individual picnic tables, 34 barbeque grills, 4 drinking fountains, and 86 benches.

The River Bend Nature Center utilizes 15 acres of the park along 3rd St.

Other Lucy Park attractions include a swinging bridge across the Big Wichita River, and a scenic walk along the trail that leads to the Falls.

It's the law!

OFF-LEASH DOG PARK...

Come out, bring your dog and enjoy the Lake Wichita Park, off-leash dog. The facility is located in **Lake Wichita Park, 5205 Fairway at the intersection of Langford and Fairway.**

Separate spaces for large dogs and small dogs are provided. The idea is to offer dog owners a safe environment where they can release their dogs.

Wichita Falls ordinance related to the new off-leash dog facility contains a list of rules owners must follow when using the dog park. City leaders encourage people who plan to use the dog park to become familiar with these rules before using the facility. These rules are posted outside the entrance to the facility.

You can also find the rules here:

THE FALLS

The city's original falls (the namesake of the city) washed away in a flood in the 1800's. ' In 1987 a new falls was constructed upstream. The present 54-foot man-made waterfall is a multi-level cascade on the south bank of the Wichita River. The Falls can be seen by southbound motorists on I-44 as they cross the bridge over the river.

The Falls provides many wonderful photo opportunities, and it is also the site of many outdoor weddings each year. Parking areas are available just inside Lucy Park on Sunset Drive that have access to the concrete trail. It is about a 1 mile walk to the Falls and back. You can also park along the service road which circles under the I-44 bridge over the Wichita River. The Falls Trail map shows how to access the parking areas.

PUBLIC GOLF COURSES

River Creek Park Golf Course
